ACCESSORIES

## Dear Customers,

We are most pleased to present you with the 2018 Catalogue of **Meble Marzenie** upholstered furniture. Based on the exceptional comfort level we have reached so far, we have expanded our product range by new solutions in the field of functionality and style. We combined them with the updated assortment of upholstery fabrics to achieve amazing effects, which we are proud to demonstrate.

Our current partners already know that, but if you are a new customer, we would like to draw your attention to some special properties of the upholstered furniture on our offer.

- Our furniture definitely stands out on the Polish market (but not only there) in terms of sitting and sleeping comfort as well as huge selection of colours and high quality of fabrics, which can be applied by the customer on any model.
- We use superb quality materials sourced from reliable suppliers. We do not economise on materials as this might reduce the comfort of sitting or sleeping.
- This is particularly evident in the construction of the seats and sleeping areas of our furniture – the vast majority contain bonnell springs, and occasionally also zig-zag or pocket springs. Many models also include high-resilience foam, which is much more comfortable and durable than ordinary foams.
- After pulling out, the whole sleeping area offers a similar level of resilience (there is no unpleasant surprise that one half is comfortable and the other half is not).
- The vast majority of our sofas and corner sofas feature a sleeping function. It is pulled out using a special mechanism that lifts the seat during this operation, which protects the floor from being scratched. We also offer other modern types of special mechanisms, such as “dolphin” or “puma”, which make it easier to pull out the sleeping function.
- The sleeping function is available in nearly all our sofas and corner sofas, which also have a big bedding box (sometimes even two).
- The backrest cushion filling is made of molded PUR foam or a silicone-polyurethane mix used in an appropriate proportion, which helps maintain its shape and resilience for a long time. It is recommended to plump up the backrest cushions on both sides and on the whole surface every once in a while, which helps preserve their properties for longer.

Should you have any questions, our sales representatives or consultants will be happy to provide any necessary explanations and help you choose the perfect sofa or corner sofa.

## MODULAR FURNITURE

Modular Furniture is a universal solution for every type of interior, regardless of its size. It is particularly recommended for incommensurable spaces, including narrow or irregularly shaped rooms. With modular solutions, customers themselves may decide on the size, shape and functionality of their lounge furniture. Depending on the number and type of modules ordered, a particular piece of furniture can become a small sofa or a big corner sofa, with or without a sleeping function – to suit the character of the model offered and the buyer's imagination and needs.

# Fenix

An elegant, comfortable modular piece of furniture, which can become a large family corner sofa or a small sofa, at the customer's discretion. The seat is low, offering a more comfortable resting position. Useful accessories complementing the furniture visually are tops located by the seat in certain modules, which can fulfil the role of coffee tables integrated with the sofa. Every module includes two decorative cushions.

# Campari

NEW

Comfortable and stylish modular furniture set. The high, well-shaped backrest provides good support for the back, offering visual confirmation of premium class quality of this piece of furniture. The combination of high-resilience foam with zig-zag springs enhances the feeling of comfort during use. Campari offers various modules, which can be combined by customers freely to create sofas of various sizes and shapes. Depending on the type and quantity of purchased modules, customers can create a small, big or very big sofa, a corner sofa, or even a horseshoe sofa, etc. Individual modules are equipped with various functions depending on their intended use (e.g. a bedding box or the sleeping function which is pulled out using the "dolphin" mechanism and features pocket springs.). The sides feature pocket organisers for TV remote controls or newspapers.

Fabric shown in the photograph: whole set BERGAMO 82

 cat. SPECIAL OFFER  
 sleeping area: 123 x 199 cm  
 Two decorative cushions are included for each configuration of the Campari set (regardless of the number of modules).

## CORNER SOFAS

We offer corner sofas of various sizes and functions. The broad range of styles, dimensions and prices allows virtually all customers to satisfy their needs in terms of taste. The vast majority of our corner sofas are equipped with comfortable seats, sleeping functions and big bedding boxes – or sometimes even two. Others feature movable headrests or the “puma” or “dolphin” mechanism, which makes it easier to pull out the sleeping function. Our wide selection of types and colours of fabrics will surely be another advantage when selecting furniture for your house or flat.

# Rebeca

corner sofa

**NEW**

A comfortable corner sofa with smooth, softly rounded shapes. The seat features our progressive resilience Lux system filling which guarantees ultimate sitting and sleeping comfort. Easy to pull out thanks to a special mechanism. Includes a big bedding box. The smooth and even surfaces encourage bold fabric choices and makes Rebeca a good match for modern style interiors. Backrest cushions made of molded polyurethane foam distinguish this model against the whole collection. Rebeca is available in three corner sofa configurations: closed (with armrests on both sides), semi-closed (without an armrest along the shorter side), and elongated (without an armrest along the shorter side but with a big pouf elongating this part of the corner sofa to form a kind of chaise longue).

A large corner sofa with an interesting design and decorations. Despite its dimensions, the modern body looks exceptionally neat and compact. Double-chamber backrest cushions are permanently connected with the backrest, which will please those customers who would rather not frequently arrange them. Sonata is equipped with a big bedding box and the resting function, which is pulled out using the "dolphin" mechanism. A perfect solution for spacious rooms, this corner sofa provides ample seating space for family meetings.

# Sonata

# Riva

NEW

A multi-functional corner sofa with a captivating appearance. It stands out with the characteristic shape of armrests, stitching on the sides, and the beautifully shaped seat with deep spot hollows. The seat filling features zig-zag springs and high-resilience foam. Movable headrests allow for backrest height adjustment to provide greater comfort for short and tall users and offer a wider choice of resting positions. Riva is equipped with a big bedding box and a sleeping function, which is pulled out using the "dolphin" mechanism.

A multi-functional corner sofa with a unique appearance. Its character is emphasised by the specific barrel shape of the sides. The seat is very comfortable thanks to the combination of zig-zag springs and high-resilience foam. Movable headrests allow for backrest height adjustment to provide greater comfort for short and tall users and offer a wider choice of resting positions. Sofia is equipped with a big bedding box and a sleeping function, which is pulled out using the "puma" mechanism.

# Sofia

NEW

# Dustin

A large modern corner sofa with an ottoman. The seat features our progressive resilience Lux system filling which guarantees ultimate sitting and sleeping comfort. It is equipped with a big bedding box and a resting function, which is pulled out using the "puma" mechanism. Interesting optional accessories include easy to install headrests, which increase comfort during a long use of the corner sofa, e.g. while watching television. Two decorative cushions are included in the price of Dustin.

 The main photo shows the left corner version of the sofa.

A very large and comfortable corner sofa with an ottoman, designed in the metropolitan modernist style. Wide armrests and decorative, yet contemporary feet design highlights the prestigious overall appearance of this piece of furniture. Ricardo does not include a bedding box or the pulled out sleeping function but – thanks to its size and comfort – it is a perfect choice for a longer rest during the day. It is particularly recommended for spacious rooms, which follow modern interior design trends and feature large windows that provide ample daylight.

**Ricardo**

# Galaxy

A very elegant and refined corner sofa, decorated with tufts on the sides. Backrest cushions are permanently connected with the backrest, which will please those customers who would rather not frequently arrange them. Galaxy is equipped with a big bedding box and a resting function, which is pulled out using the "dolphin" mechanism. A perfect solution for spacious rooms, this sofa provides ample seating space for family meetings.

 The main photo shows the right corner version of the sofa.

A very elegant and refined corner sofa, richly decorated with tufts both on the seat and on the backrest cushions. The interesting configuration of fabrics on armrests makes the whole body look light despite its massive shape. Its advantages include two bedding boxes and a universal connection system (as the left or right configuration). It makes a perfect match for elegant and spacious interiors.

# Grand

BESTSELLER

# Mark

A relatively big corner sofa with an interesting design and decorations. The ottoman comes with a low backrest on one side. The seat features our progressive resilience Lux system filling which guarantees ultimate sitting and sleeping comfort. It is equipped with a big bedding box and a resting function, which is pulled out using the "puma" mechanism. The double-chamber backrest cushions are filled with silicone, which helps maintain their shape and resilience for a long time. Two decorative cushions are included in the price of this model.

Fabric shown in the photograph:  
 PUERTO 18  
 cat. SPECIAL OFFER  
 sleeping area: 137 x 220 cm

An interesting and originally designed sofa. The trapezoid sides that are slightly tilted outwards are an excellent match for the slender feet that are tilted as well. Combined, they make the whole body assume the shape of a horizontally stretched letter X. The outstanding elegance of this model is not disturbed by the bedding box or the sleeping function mechanism. With good quality filling made of zig-zag springs and high-resilience foam, the smooth seat offers supreme sitting comfort. Double-chamber backrest cushions are filled with polyurethane-silicone mix, which largely prevents deformation, providing outstanding backrest comfort. The Vida set also includes an armchair.

# Vida

corner sofa

NEW

# Prima

NEW

A small and charming corner sofa. Single spot hollows and cross stitching on the sides and backrest cushions correspond with the beautifully shaped seat. Double-chamber backrest cushions are filled with polyurethane-silicone mix, which ensures resilience and helps maintain their shape for longer. This corner sofa features our progressively resilient Lux system for the ultimate comfort of sitting and sleeping experience. In addition, Prima includes two spacious bedding boxes and a sleeping function pulled out using a special mechanism. This model is universal, which means that it can be assembled both in the right and left configuration.

sleeping area: 142 x 202 cm

A compact corner sofa with a highly appealing design. Double-chamber backrest cushions feature single spot hollows and cross stitching, with the filling consisting of a polyurethane-silicone mix. The exterior surfaces of the sides are richly decorated with spot hollows in a way which makes them perfectly match the design of the seat. This corner sofa features our progressively resilient Lux system for the ultimate comfort of sitting and sleeping experience. In addition, Pola includes two spacious bedding boxes and a sleeping function pulled out using a special mechanism.

# Pola

NEW

**RS**

NEW

A corner sofa in a bold and dynamic style. Double-chamber backrest cushions with deep double spot hollows and cross stitching are filled with a polyurethane-silicone mix. The seat follows a similar aesthetics and features our Lux system, which ensures high sitting and sleeping comfort. Artificial leather with spectacular stitching on the top and front parts of armrests and on the body is an important, eye-catching detail. This model is universal, which means that it can be assembled both in the right and left configuration. RS also includes two spacious bedding boxes and a sleeping function pulled out using a special mechanism.

 The main photo shows the right corner version of the sofa.

A modern corner sofa with eye-catching inserts running horizontally along the whole length. Armrests are ended with a slight curve, which imparts delicacy and charm to this model. Its advantages include two bedding boxes and a universal connection system (as the left or right configuration). It will make a perfect match for bold and classy interiors.

# Aspen

# Rossa

A very popular, highly elegant corner sofa which makes a perfect match for modern style interiors. Despite a large sleeping area, its overall dimensions are relatively small, which is why it is particularly recommended for flats, including teenage rooms. This model is a universal corner sofa, which means that it can be freely modified by changing the side where the ottoman is attached. Its modern style is additionally highlighted by captivating inserts on the backrest cushions, armrests and body of the corner sofa.

 sleeping area: 140 x 200 cm  
 The main photo shows the left corner version of the sofa.

## SOFAS

The "Sofas" section is devoted basically to various types of lounge furniture: not only the popular DL-type sofas representing various comfort levels and styles, but also click-clack sofa beds, teenage couches or armchairs. In some cases, the names of sofa and armchair models correspond with the names in the "Corner Sofas" section, which indicates that they can form a complete set together, e.g. in a spacious room. This even further expands the variety and range of functionalities we may offer to our customers in this catalogue.

# Dolly

NEW

A very neat model with a harmonious appearance. Its slender, slightly slanting feet make the whole body look light and graceful. Such construction is seldom encountered in sofas equipped with a bedding box and the automatically pulled out sleeping function, which is yet another evidence of Dolly's unique design. With good quality filling made of zig-zag springs and high-resilience foam, the smooth seat offers supreme sitting comfort. Also the backrest cushions are filled with foam, which prevents the risk of their temporary deformation. Dolly may be complemented with a matching armchair.

 cat. A  
 sleeping area: 140 x 190 cm

A sublime sofa inspired with English interior design style but with some modern accents. The classic shapes make this piece of furniture look dignified despite its relatively small size. It will look great in pastel colours, in elegant living rooms and other formal interiors. With our Lux system, the sofa's sleeping function offers a level of comfort comparable with that of a pocket spring mattress. Two decorative cushions are included in the price of this model.

**Alex**

# Dorothy

A subtle sofa combining elements of the modern and the retro style. With its delicately outlined shapes, Dorothy makes a universal piece of furniture, corresponding well with most interior design styles. With our Lux system, the sofa's sleeping function offers a level of comfort comparable with that of a pocket spring mattress. Two decorative cushions are included in the price of this model.

A comfortable sofa with smooth, softly finished shapes. The seat features our progressive resilience Lux system filling which guarantees ultimate sitting and sleeping comfort. Easy to pull out thanks to a special mechanism. Includes a big bedding box. The smooth and even surfaces encourage bold fabric choices and makes Rebeca a good match for modern style interiors. Backrest cushions made of molded polyurethane foam distinguish this model against the whole collection.

Rebeca may be complemented with a matching armchair.

# Rebeca

sofa 3 + 1

NEW

# Bianka

A comfortable modern style sofa with warm and inviting accessories such as double-chamber backrest cushions and softly finished armrests. The intriguing fabric composition and two decorative cushions included in this model may form a background for original colour compositions. Also, much of Bianka's charm lies in its original feet design. With our Lux system, the sofa's sleeping function offers a level of comfort comparable with that of a pocket spring mattress.

 cat. SPECIAL OFFER  
 sleeping area: 140 x 190 cm

A modern style sofa with interesting, comfortable and cozy accessories such as tufted backrest cushions and seats. What adds extra charm to this model is its original feet design. The whole piece gives an interesting impression – original but not extravagant. What is more, with our Lux system, the sofa's sleeping function offers a level of comfort comparable with that of a pocket spring mattress.

**Leo**

# Nicola

The pulled-out NICOLA sofa is a smart yet elegant piece of furniture, perfect for small residential spaces. The no armrests construction combines a compact overall size with a large sleeping area. What is more, with our Lux system, the sofa's sleeping function offers a level of comfort comparable with that of a pocket spring mattress. What adds extra charm to this model is its original feet design.

NICOLA comes with a pouf, which can be attached to form a comfortable chaise longue.

The pulled-out Betty sofa is a smart and interesting piece of furniture, perfect for small residential spaces. The contrasting horizontal stripes make the body look slender and delicate. The no armrests construction combines a compact overall size with a large sleeping area. What is more, with our Lux system, the sofa's sleeping function offers a level of comfort comparable with that of a pocket spring mattress. What adds extra charm to this model is its original feet design.

Betty comes with an original pouf, which can be attached to form a comfortable chaise longue.

# Betty

# Victor

NEW

A traditional style sofa offering an exceptional level of comfort. The massively looking sides, combined with the seat and backrest cushions featuring spot hollows make a perfect match for nostalgic style interiors. Double-chamber backrest cushions are filled with polyurethane-silicone mix, which largely prevents deformation, providing outstanding backrest comfort. This corner sofa features our progressively resilient Lux system for the ultimate comfort of sitting and sleeping experience. In addition, Victor is equipped with a bedding box and a sleeping function pulled out using a special mechanism.

Collin's attractiveness lies in an unusual fabric combination used on armrests and on the body. It makes the whole body look light despite its actually massive shape. With skilful selection of colours and fabrics, customers may create a very attractive composition. Collin will make a perfect match for interiors decorated with flair and panache. This model is also available as a corner sofa.

# Collin

# Ferro A

A practical piece of furniture with a traditional body shape. It is recommended for classic style living rooms. It features neat and slender sides, which look particularly attractive with artificial leather upholstery or other matching fabric finish. At the same time, with sparingly and subtly applied inserts, it is easier to match the sofa with the colour scheme of the room.

Fabric shown in the photograph:

FERRO B is a practical piece of furniture with a very interesting body shape. It is recommended for traditional style living rooms. This model features neat narrow sides finished with wood armrests, which makes this sofa extremely practical when it comes to keeping it clean, at the same time creating an intriguing visual effect. The tufted backrest cushions in a contrasting fabric may offer a great opportunity to escape a monotone colour scheme.

## Ferro B

## Ferro D

A retro-style sofa with massive, conspicuous armrests, which give this model a specific character. Particularly recommended for traditional style living rooms, it will go well with classic furniture. The choice of Ferro D will emphasise the grand and unique character of your living room without the need to make considerable investments.

A modern style sofa with warm and eye-catching details such as contrasting fabric inserts on armrests. The bold shapes of the sides give this piece a specific character. On the other hand, its attractive price is the reason why it enjoys great popularity among all customers who appreciate unconventional solutions.

**Ferro E**

# Julietta

Influenced by the Parisian style, this sofa will look excellent in rooms which combine moderation and extravagance, old-fashioned and modern design motifs. The decorative welt in a colour contrasting with the primary fabric of Julietta will sharpen the contours of this model. The sweeping, freely falling fabric on both sides introduces an element of harmony, which is required for this furniture style. While comfortable and functional, it does not overwhelm with its dimensions.

It is a perfect choice for sitting, taking a nap, as well as sleeping at night on a regular basis.

# Flow

# Elegance

An elegant, tastefully designed click-clack sofa bed with delicate armrests. This model uses the so-called "wall-side" mechanism, which permits free opening of a sofa bed standing close by the wall. The backrest and the sides are additionally decorated with regular spot hollows with horizontal stitching. The slender wood feet emphasise the lightness and chic of this model. An armchair on high feet will make a perfect addition to the sofa, emphasising the finesse of the whole set. Two decorative cushions are included in the price of Elegance.
